SECRETARY OF LABOR, :  
MINE SAFETY AND HEALTH :  
ADMINISTRATION (MSHA) :  
 : Docket No. CENT 2021-0051-M  
v. : A.C. No. 41-00283-520326  
 :  
BUZZI UNICEM USA :

BEFORE: Traynor, Chair; Althen and Rajkovich, Commissioners

**ORDER**

BY THE COMMISSION:

This matter arises under the Federal Mine Safety and Health Act of 1977, 30 U.S.C. § 801 et seq. (2012) (“Mine Act”). On December 18, 2020, the Commission received from Buzzi Unicem USA (“Buzzi”) a motion seeking to reopen a penalty assessment that had become a final order of the Commission pursuant to section 105(a) of the Mine Act, 30 U.S.C. § 815(a).

Under section 105(a) of the Mine Act, an operator who wishes to contest a proposed penalty must notify the Secretary of Labor no later than 30 days after receiving the proposed penalty assessment. If the operator fails to notify the Secretary, the proposed penalty assessment is deemed a final order of the Commission. 30 U.S.C. § 815(a).

We have held, however, that in appropriate circumstances, we possess jurisdiction to reopen uncontested assessments that have become final Commission orders under section 105(a). *Jim Walter Res., Inc.*, 15 FMSHRC 782, 786-89 (May 1993) (“*JWR*”). In evaluating requests to reopen final orders, the Commission has found guidance in Rule 60(b) of the Federal Rules of Civil Procedure, under which the Commission may relieve a party from a final order of the Commission on the basis of mistake, inadvertence, excusable neglect, or other reason justifying relief. *See* 29 C.F.R. § 2700.1(b) (“the Commission and its Judges shall be guided so far as practicable by the Federal Rules of Civil Procedure”); *JWR*, 15 FMSHRC at 787. We have also observed that default is a harsh remedy and that, if the defaulting party can make a showing of good cause for a failure to timely respond, the case may be reopened and appropriate proceedings on the merits permitted. *See Coal Prep. Servs., Inc.*, 17 FMSHRC 1529, 1530 (Sept. 1995).

Records of the Department of Labor’s Mine Safety and Health Administration (“MSHA”) indicate that the proposed assessment was delivered on September 1, 2020, and became a final order of the Commission on October 1, 2020. Buzzi asserts that due to a mailing

error, the contest was sent to MSHA's St. Louis, Missouri collections office, rather than MSHA headquarters in Arlington, Virginia. Buzzi states that it learned of the error upon receipt of a delinquency notice on November 24, 2020 and then promptly filed a motion to reopen. The Secretary does not oppose the request to reopen and confirms that it received partial payment for 24 of the 30 citations at issue on September 24, 2020.

Having reviewed Buzzi's request and the Secretary's response, we find that Buzzi's failure to timely contest was due to an inadvertent mailing error. In the interest of justice, we hereby reopen this matter and remand it to the Chief Administrative Law Judge for further proceedings pursuant to the Mine Act and the Commission's Procedural Rules, 29 C.F.R. Part 2700. Accordingly, consistent with Rule 28, the Secretary shall file a petition for assessment of penalty within 45 days of the date of this order. *See* 29 C.F.R. § 2700.28.
