ADMINISTRATION (MSHA) :
v. : Docket No. WEST 2011-817-M
JOHN RICHARDS CONSTRUCTION : A.C. No. 24-02070-133919

BEFORE: Jordan, Chairman; Duffy, Young, Cohen, and Nakamura, Commissioners

ORDER

BY THE COMMISSION:

This matter arises under the Federal Mine Safety and Health Act of 1977, 30 U.S.C. § 801 et seq. (2006) (“Mine Act”). On April 1, 2011, the Commission received a request from John Richards Construction (“Richards”) to reopen a penalty assessment that may have become a final order of the Commission pursuant to section 105(a) of the Mine Act, 30 U.S.C. § 815(a).

Under section 105(a) of the Mine Act, an operator who wishes to contest a proposed penalty must notify the Secretary of Labor no later than 30 days after receiving the proposed penalty assessment. If the operator fails to notify the Secretary, the proposed penalty assessment is deemed a final order of the Commission. 30 U.S.C. § 815(a).

The Secretary submits that, upon reviewing the records in this proceeding, she has discovered that the proposed penalty was timely contested.

Having reviewed Richards' request and the Secretary's response, we find the request to reopen to be moot. Richards properly contested the proposed penalty assessment and, therefore, it did not become a final order of the Commission. Accordingly, the request to reopen is dismissed as moot.
